

About Club Spot

During the w/c June 18, all affiliated clubs will have received an email from the organisation 'Sports Community', providing them access to the new 'Club Spot' resource.

The 'Club Spot' resource is part of the suite of club development and support tools Triathlon Australia and all STTAs are building and gathering to ensure the most comprehensive support to all affiliated clubs.

The 'Club Spot' resource particularly provides a library of templates, checklists, how-to guides, etc. for use by clubs when carrying out their activities; saving vital volunteer time previously spent creating such documents, allowing volunteers to devote more time to delivering outcomes for their club and members.

For information about 'Club Spot', click [here](#), or contact Rob Ward on membership@vic.triathlon.org.au
