- 1. What awards will be awarded? What's their eligibility? How will the "club championship" be calculated/awarded?**
    - a. Club Championship:
      - i. Only clubs whose team/s comprise 2 M/2 F from their club will be eligible for the championship.
      - ii. A club's first team across the line will be eligible for club championship medals/placings/championship'.
    - b. Para Championship (IST):
      - i. Only team/s comprising 2 M/2 F will be eligible for the championship.
      - ii. The first IST team across the line will also be eligible for the "club championship" per the above rules.
    - c. Fastest team of the day:
      - i. All teams participating on the day will be eligible for this award.
    - d. All awards will be calculated by aggregating the results for all teams across all heats (i.e. each award awarded once).
  
  - 2. What if clubs/teams can't achieve 2 F/2 M within their club?**
    - a. Clubs may enter an incomplete team (e.g. 2 members of 1 gender and 1 member of other gender); but the 1 member of one gender must complete the course twice, to have the team complete 2 male and 2 female legs of the race.
    - b. Clubs may make composite teams (e.g. 2-3 members from 1 club and 1-2 members from another club).
      - i. Both of these type of teams would be ineligible for "club championship" (awarded as 1st/2nd/3rd places).
      - ii. However, all teams are eligible for the "fastest team across the line" award (awarded as only 1st place).
  
  - 3. How do I enter the event?**
    - a. Via RegisterNow – only 'team entries' enabled; with a 'team captain' (x 1) and 'team member' (x 3); where team captain establishes the team and provides entry/team link to other team members, enabling them to enter and pay individually.
    - b. Teams enter the event, not a specific race time.
    - c. Cost is \$33.00 per person
-
