

## Member Vaccination Rewards - FAQ

### **Why are Triathlon Victoria rewarding vaccination?**

The federal and state health professionals are signalling that the road back to events will be through community vaccination reaching threshold levels. Triathlon Victoria appreciates and respects each individual's right to make their own personal health decisions. However, we also wish to support the earliest possible return of racing in Victoria and see this is our way of rewarding members who have been vaccinated.

### **Will I need to be vaccinated to participate in a triathlon event?**

Triathlon Australia and the State and Territory Associations are currently discussing all scenarios relating to vaccination and racing, and actively engaging with Government regarding broad sport policy and on how events can be safely conducted under Government guidelines. We will keep you informed and seek broad input before decisions are finalised.
